5.05 PLAYER RELEASE/MOVEMENT [Amended xxxxx]

BRAMPTON HOCKEY INC.
RESOLUTIONS
As of JUNE 2015

It is essential that all players receive a fair and honest assessment of their abilities and that the utmost care and consideration be given to avoid damaging the self-esteem or confidence of the player.

The following is intended to provide all coaching staff with Brampton Hockey's expectations for the release of a minor hockey player.

a) DURING TRYOUTS

In the early rounds of tryouts players should be released by a simple thank-you letter stating that the player does not meet the expectations required for the position he is trying for. Instructions for reporting to the next lower level tryout should be included. The last 5-7 players or any player who was on the previous year's roster is to be given a brief, in-person, and private meeting with the Coach and Assistant Coach and receive clear and concise reasons for his release. **UNDER NO CIRCUMSTANCES IS A PLAYER TO BE CUT BY A TELEPHONE CALL.**

b) DURING REGULAR SEASON

Before a player is released, the Coach should have already made indications to the player that the possibility of being sent down exists.

i) Resident Players Minor Novice to Bantam

Carded team resident players can only be released on a one-for-one basis up to November 1st. After November 1st, there shall not be any player movement without the approval, in writing, from the VP of Representative. Rostered team import players can only be released up to November 1 with approval, in writing, from the VP of Representative.

Recommended Steps

1. Identify the new player you want to replace the intended released player.
2. Approach the Coaching staff of the new player and inform them of your intentions. Co-operation between the AAA, AA, A and AE team officials is important. 3. Approach the prospective player and his parents to ensure that they have no objections to joining your team.
4. Once a replacement player is secured, expediently as possible, set up a private meeting with the player to be released and his parents. Be clear and brief in your meeting, explaining only the performance related reasons for the release and where the player is to report. **AVOID NEGATIVE CRITICISMS AND CONFRONTATIONAL DISCUSSIONS AT THIS TIME.**
5. Once the player movement process is complete, the Coach must arrange for new HC player cards to be signed and a new team roster prepared. The HC cards and roster must be submitted to the OMHA prior to the players playing on their new teams.

9.18 SELECTION OF TEAMS [Amended 2010 03]

- a) Intra-City teams will be "drafted". All players appearing on IntraCity rosters must be residents of the City Of Brampton, as per OMHA regulations. Anyone trying out as a "Goaltender", must be drafted as a "Goaltender", anyone trying out as a "Player", must be drafted as a "Player".
- b) The **MAXIMUM** number of protected players on a team is four (4). The protected players are limited to family members of the Coaching Staff subject to approval of the Intra City Vice President. The Head Coach's family member must be protected if the family member is to play at the I/C level. Should a player be protected and that player's family member does not become a carded staff member, the player will be returned to Recreational League. Coaches must agree to a process which will determine the draft round in which these players will be selected.
- c) The Order of "**DRAFT**" shall be established by random draw.
- d) Registered players not already selected by higher ranked teams shall be eligible in the Intra-City League Draft. To be eligible for the draft the player must have attended at least one of the current year Intra-City tryouts. Should a player be injured, on vacation or unable to attend at least one of the current year's Intra-City try-outs for some other legitimate reason, written notification must be given to the Intra City Vice President, in order that the player be eligible for the draft. Each team shall be established with the number of players as Hockey Development Resolution 19.02.
- e) No team shall draft an underage player. Rare exceptions may be permitted subject to approval of the Intra-City vice President, and when required, in consultation with the Intra City Committee.
- f) Goaltenders will be selected by a separate draft. The number of goaltenders to be drafted to a team will depend on the number of goaltenders registered to play in any given year and may not be officially confirmed until the number of Recreational League goaltenders has been determined. In the event that there are an insufficient number of goaltenders to support both the Recreational League and a 2 goaltender roster in the IntraCity league, a second 'affiliated player' (AP) goaltender shall be selected.
- g) ORDER OF DRAFT
 - Round One 1-2-3-4-5-6
 - Round Two 6-5-4-3-2-1

BRAMPTON HOCKEY INC.
RESOLUTIONS
As of JUNE 2015

This rotation continues until all teams have drafted 15 skaters.

- h) All teams will draft 15 skaters. At the conclusion of the draft, teams may select, in accordance with draft procedures, Affiliated Players (or AP's) to add to their rosters. The Affiliated Players may only be used in Regular Season & Playoff Games in the event of Full Time Roster player suspensions, injuries, holidays, etc. All AP's must be selected from the Official Tryout List. Players whose names do not appear on the Official Tryout List will not be eligible to be an AP. AP's selected by teams after the completion of the draft will be done on a first come, first served basis.
- i) All selected 'affiliated players' will be placed on a **Recreational** League team. The 'affiliated player's' first responsibility shall be to their **Recreational** League teams. Affiliated players must meet their Recreational League responsibilities first (games and practices). Exceptions to this rule are allowed for Recreational League practices only when permission is granted by the Head Coach of the Recreational League team.
- j) The total number of players on a team roster including 'affiliated players' cannot exceed nineteen (19). At the completion of the Draft, a legible copy of the **PLAYER ROSTER IN THE ORDER OF DRAFT PICKS** must be submitted to League Conveners or his/her representative.
- k) No trading of players will be allowed after the conclusion of the draft meeting unless approved by the Intra-City Committee.
- l) **Players trying out are not permitted to request to be "only" an AP.** If a player attends tryouts it is expected that he/she wishes to be drafted to a full time roster position. Any drafted player who refuses to play for the team he/she was selected will be placed in the Recreational League and not allowed to return to I/C for that season, not even as an AP.
- m) **All roster changes made after the draft must be approved by the Intra City Vice President, and when required, in consultation with the Intra City Committee.** Players who appeared on the current year's Official tryout List should be given first opportunity. However, in the event that a player is "lost" after the initial draft, exceptions to this rule may, in special circumstances, be granted for players, provided that they are residents of The City of Brampton and are registered with Brampton Hockey.
- n) If two teams need to add players to their roster concurrently, then the team that lost the player selected from the lower draft round has first selection from the official try out list. If the players lost from both teams were drafted in the same round, then the team which would have selected first in this round will receive first selection.
